

Join us for regular meetings, and seminars (approx 10/ year), at various locations in the Quad-Cities.

Or ask your pastor, youth leader, teacher or professor to contact us for presentations and Creation Seminars to your church or youth Group.

“The more I study nature, the more I stand amazed at the work of the Creator”

Louis Pasteur (1822 -1895)

Outstanding scientist & opponent of Darwin’s theory of evolution.

Pasteur helped show the world that spontaneous generation of life is impossible (which makes atheism ‘anti-science’). The fact that life only comes from life, has been confirmed ever since.

Interviewer to famous atheist Dr. Dawkins:

“Professor Dawkins can you give an example of a genetic mutation or evolutionary process which can be seen to increase the information in the genome?” -

Dr. Dawkins’s answer:
silence and staring at the ceiling ...

Contact us concerning:

Regular programs on a host of science topics such as:

- Six Days of Creation
- The Bible, Dinosaurs & People
- Natural Selection & the Bible
- Top 3 Reasons Evolution is Bad Science.
- The Grand Canyon, Fossils, and Flood Geology
- DNA: Proof Evolution is impossible
- Apes and Human ‘Evolution’?
- The Big Bang in Big Trouble
- Heavens Declare the Glory of God and a Young Solar System!
- Only One Race (evoln. & racism)

Additionally we can set up min-Seminars, Panel Discussions, Classroom guest speakers and help with seminars, events, and getting National speakers from:

- Answers in Genesis
- Inst. of Creation Research
- Creation Ministries, Intl.
- Creation Truth Foundation

Also: material for debates, research papers, and how to handle aggressive teachers pushing their ideology of evolution.

Quad-City
Creation Science Association

~~~~~

Dedicated to  
Telling the Truth in Science  
Education and Proclaiming  
the Good News of Jesus Christ  
- as Creator, Savior,  
and Lord of all.

---

A non-denominational, non-  
profit association serving the  
Quad-Cities and  
surrounding areas.

---

“A little bit of science estranges a man from  
God, a lot of science brings him back. “

Sir Francis Bacon (1561 – 1626)

Philosopher, Parliamentarian &  
Father of the Scientific Method.

**Why This is important:**

“My people are destroyed for the lack of knowledge”. (Hosea 4:6)

We have found that developing an understanding of the scientific facts surrounding the topic of Origins helps to answer many of the questions that young people and seekers have.

Since childhood we are bombarded with stories of millions of years, evolution is a ‘proven fact’, and that the Bible can not be trusted. Creation science ministries like QCCSA exist to point out that the great majority of scientific facts are significantly more consistent with the Bible  
—and actually contradict the myth of Darwinian evolution.

Quad-City Creation Science Association is an apologetics (i.e., Christianity-defending) non-profit ministry, dedicated to telling the truth in the sciences - enabling Christians to defend their faith, and to proclaim the Gospel of Jesus Christ effectively.

And to remove any stumbling blocks due to the ideology of Darwinism.

**There is no charge for any of our events and the public is always invited.**

**See website for upcoming events.**

**The advantage of membership:**

Members receive a \$2 **discount** on any books / DVDs we have for sale. They may borrow materials from a free **lending library** for members. See Website for details.

Membership also supports bringing in national speakers & materials for seminars.

“For most people, fossils & evolution go hand in hand. In reality, fossils are a great embarrassment to Evolutionary theory & offer strong support for the concept of Creation.

“If Evolution were true, we should find literally millions of fossils that show how one kind of life slowly and gradually changed to another kind of life. But **missing links** are the trade secret of paleontology...

“..... It’s those gaps which provide us with the evidence of Creation of separate kinds. As a matter of fact, there are gaps between each of the major kinds of plants and animals. Transition forms are missing by the millions. What we do find are separate and complex kinds, pointing to Creation.”

**Dr. Gary Parker**, - Biologist/ Paleontologist and Former Ardent Evolutionist

Please visit, [www.QCCSA.org](http://www.QCCSA.org)  
For a growing list of articles, and links to many resources and international Creation Organizations.
