To Whom It May Concern,

Hello my name is Matt Vogel. I oversee the youth, worship, and small group ministries at Grace Evangelical Free Church, in Davenport, IA. I am writing on behalf of Helmut Welke to inform you of some of his ministry and the potential impact it can have on yours. I have known Helmut for over 15 years as he is a member of our church and have benefited numerous times from the amount of knowledge and passion he brings into his ministry.

Helmut is the President of the Q.C. Creation Science Association. As such he brings a wealth of knowledge, solid theology, and passion to dive into topics that are very relevant and needed for our culture today, especially our youth. As someone who has benefitted personally from Helmut, as well as pastoring the Jr. and Sr. Highs students at our church, I can highly recommend Helmut to passionately and accurately deliver the truth of Scripture within your ministry context.

Sincerely,

Matt Vogel

Director of Worship and Youth Ministries
